

Think-Aloud Protocol

3

User Goal / Task	Interface Part / Location	Verbal Protocol
Identify what type of app this is.	Start Screen	It looks like it's for a mobile game of some sort. Looks like it's based in space or our solar system. It looks like based on the title it's an exploration game of some sort.
Identify what can be done from the home screen.	Home Screen	An animated image of a control center on some sort of spaceship.
Find an interesting fact about Titanium	Home page to elements page to Titanium page	I see a button saying elements which makes me think it might have a Titanium category in it and it does. Notes colour difference relates to element being a metal. Reads Facts
Complete level 1	Air levels pages	I'm hitting the play button. Reads instructions I'm adjusting different panels of different elements of the air.
Complete level 2	Water elements pages	I'm hitting level 2. Reads instructions I'm dragging both O and H ₂ and I'm mixing them into different bottles.

* clicks through to quickly on one task and has no way to go back to read story line.
