KS

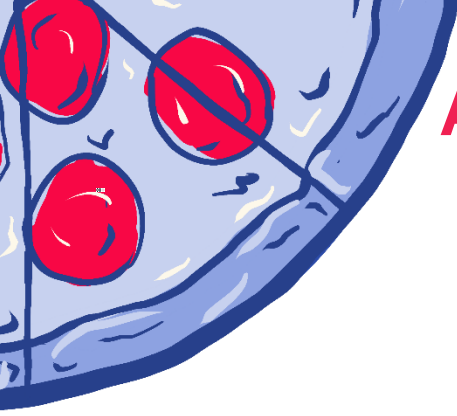

KILLER SLICE

Here at Killer Slice we promise to be more than your average pizzeria. We rate equality and inclusivity is a top priority for us. We're advocates for freedom of expression (whether that's in life or just what you put on your pizza, lol).

We wanted to create a unique dining experience accessible to all, not forgetting skint students (hence our pricing being decent enough) with most pizzas being under a tenner. We offer our students deals throughout the year, with our most popular being "pizza and a pint" for £12.

After all, there's no better love triangle than our pizza one.

Not bothered to dine in? No problem, place an order using our mobile app, it's as easy as pie.
