

# JAMIE HEWLETT

Jamie Christopher Hewlett (born 3 April 1968) is an English comic creator, animator, designer, illustrator, and director, best known as the co-creator of the comic book Tank Girl with Alan Martin and co-creator of the virtual band Gorillaz, alongside Blur frontman Damon Albarn.

I've decided to include Jamie's work because I like 'Gorillaz'. The music, the story behind it and the virtual characters he's illustrated.

This is someone's work who genuinely inspires me. I like how the cartoons and incorporated with the real world. The colours and dynamic composition. I can remember being so amazed the first time I saw them. It's so creative and never done before.
