FEEDBACK ON APOLLO WEBSITE

Your Thoughts on using the Website would be appreciated.

Is it easy to navigate? yes the website is very easy because it is all separated into different sections

Can you find information easily?

the information is easy to find because they're all in small groups of writing not long paragraphs

What interactive elements do you like?

I like the way you can see short videos of what it looked like happening,

I can watch the first rocket take off

Did you learn about the Apollo Mission?

yes I learned a good bit about the Apollo mission

Are you happy with your overall experience?

yes this is an amazing website

Is there anything you would like the designer to add?

Maybe for the start area if the designer added a little rocket heading to the moon because it's about the first rocket in the moon

Any further comments.

maybe you could a little more colour to the pages.

all together this is a great website

P.7. Pupil 2.

FEEDBACK ON APOLLO WEBSITE

Your Thoughts on using the Website would be appreciated.

Is it easy to navigate?

Simple to navigate
scroll + click

Can you find information easily?

Simple to find

What interactive elements do you like?

I like the videos

Did you learn about the Apollo Mission?

I learnt about how
many people watched 500 mil

Are you happy with your overall experience?

Overall 6/10

Ryan

Is there anything you would like the designer to add?

make a better background like a space one. Give more info on how the ship was built

Any further comments.

font is a bit odd

There is no sound

If you click the video it takes you to Youtube. There voice to the man

FEEDBACK ON APOLLO WEBSITE

Your Thoughts on using the Website would be appreciated.

Is it easy to navigate?

The website is very easy to navigate and to find information and find videos.

Can you find information easily?

Yes. At the bottom of every video it shows: when it happened, how long it took and where it was!

What interactive elements do you like?

I love the three buttons at the top: Mission, Landing, Return.

Did you learn about the Apollo Mission?

Yes **I** learned that 500 million people watched!

Are you happy with your overall experience?

I am very happy. But one thing, the videos lag a lot. When **I'm** in the middle of a video it just stops.

Is there anything you would like the designer to add?

I wish the designer to add a few more image
to the home.

Any further comments.

FEEDBACK ON APOLLO WEBSITE

Your Thoughts on using the Website would be appreciated.

Is it easy to navigate?

It is easy to navigate because its a small website with good information.

Can you find information easily?

Yes it shows about the people being born and what they worked for and buttons that says learn more shows more stuff

What interactive elements do you like?

I like the video because it shows how they got there
called take off
and the icons for the information.

Did you learn about the Apollo Mission?

That the Rocket was 28m weight

Are you happy with your overall experience?

Yes I learned alot about space and getting lots of information

Is there anything you would like the designer to add?

The Should a Some videos to the front
page

Any further comments.

I want Some websites with Sound

Elhan P.4 Pupil 5.
